

FRIDAY 1 March

8:00-8:30 REGISTRATION

8:30 OPENING OF THE MEETING

TAC (TOTAL AORTIC COURSE) (Toledo A Coruña)

8:30-9:35 (1) ASCENDING AORTA AND AORTIC ARCH DISEASES

CHAIRMEN: Dr. Prof. C. Shu

DISCUSSANTS: Dr. JV Lombardi
Dr. K. Tsagakis
Dr. Guillermo Reyes
Dr. P. Lima

8:30:8:36 Is open surgery the best option currently?

- *Dr. E. Monguio*

8:37- 8:43 Is Total endovascular arch repair the best option currently?

- Dr. R. Milner

8:44-8:50 Is Hybrid aortic arch repair the best option currently?

- *Dr. V.X. Mosquera*

08:51-08:57 Why I don't use the FET Technique?

- *Dr. A. Laranjeira*

08:58-9:04 Frozen Elephant Trunk endovascular technique: E-vita and more

- *Dr. Konstantinos Tsagakis*

09:05-9:11 Frozen Elephant Trunk endovascular technique: Thoraflex

- Dr.

9:12-9:32 DISCUSSION

9:32-10:20

(2) AORTIC ARCH TREATMENT OPTIONS

CHAIRMEN:

Dr. Ali Azizzadeh. LAX, USA

DISCUSSANTS:

Dr. JM. Panneton, Norfolk, Virginia, USA

Dr. V. Riambau, Barcelona, Spain

Dr. Prof. C. Shu, Beijing, China

Dr. G. Melissano, Milano, Italy

Dra. Cris Marzo, Zaragoza, Spain

9:33-9:39

My approach for the endovascular treatment of the Aortic arch

- *Dr. M. Alonso, Oviedo, Spain*

9:40-09:46

My approach for the endovascular treatment of the Aortic arch

- *Dr. T. Bisdas, Muenster, Germany*

09:47- 09:53

My approach for the endovascular treatment of the Aortic arch

- *Dr. Haulon, Paris, France*

09:53-10:13

DISCUSSION

10:14-11:05

(3) LSA PRESERVATION

CHAIRMEN:

M. Gargiulo

DISCUSSANTS:

Dr. V. Rimbau, Barcelona, Spain

Dr. Ali Azizzadeh. LAX, USA

Dr. P. Gomez, Valencia, Spain

Dr. JV Lombardi, Camden, Philadelphia

10:14- 10:20

**Do You need to revascularize the left subclavian artery?
When and How?**

Dr. N Mosquera. Santiago de Compostela, Spain

10:21-10:27

**My approach for the endovascular preservation of the LSA:
Costum made and home made**

Dr. Prof. C. Shu , Beijing, China.

10:28-10:34

**My approach for the endovascular preservation of the LSA: In situ
laser fenestration to revascularize the LSA**

Dr. JM. Panneton, Norfolk, Virginia, USA

10:35-10:41

My approach for the endovascular preservation of the LSA

Dr. Canaud, CHU Montpellier, France

10:42-11:02

DISCUSSION

11:02-11:25

COFFE-BREAK

11:25-12:50

(4) ACUTE AND CHRONIC AORTIC DISSECTION

CHAIRMEN:

Dr. R. Milner

DISCUSSANTS:

Dr. JM. Panneton

Dr. V. Rimbau

Dr. C. Donayre

Dr. Ali Azizzadeh

11:25-11:31

Type B dissection classification and Stable study

Dr. JV Lombardi

11:32-11:38

Stabilize technique and results

- Dr. G. Melissano

11:39-11:45

PettiCoat Technique. Our results

- Dr.A. Flores

-

11:46-12:06

DISCUSSION

12:07-12:13

Chronic Type B Dissection: When open surgery is my choice

- *Dr. G. Melissano*

12:14-12:20

Chronic Type B Dissection: Endovascular approach.

- *Dr. N. Tsilimparis*

12:21-12:27

devices

False Lumen Thrombosis in Aortic Dissection. Classical and new

- *Dr. N. Tsilimparis*

12:28-12:45

DISCUSSION

12:46-13:26 **(5) AORTIC DISECTION CLINICAL CASES**

CHAIRMEN:

Dr. G. Melissano

DISCUSSANTS

Dr. E. Iborra

Dr. F. Gallardo

Dr. Sherif Omar, Cairo, Egypt

CLINICAL CASE 1: Dr. L. Salmeron

CLINICAL CASE 2: Dr. R. Garcia Casas

13:26-14:20 **(6) AORTIC THORACIC DISEASES: MORE THAN DISECTION....**

CHAIRMEN:

Dr. JV Lombardi

DISCUSSANTS:

Dr. Canaud

Dr. V. Riambau

Dr. C. Donayre

Dr. Luis Franco

13:26-13:32

Current options in the treatment of Intramural Hematoma and Penetrating ulcer in thoracic aorta.

Dr. JM. Panneton, Norfolk, Virginia, USA

13:33-13:39

Thoracic Aortic Traumatism. Classification and Treatment

Dr. Ali Azizzadeh, LAX, California, USA

13:39-13:45

Alternatives Access to treat Thoracic Aortic Disease

Dr. R. Milner , Chicago, USA

13:46 –13:52

Optimising the landing zones in TEVAR.

Dr. Antonello.

13:53-13:59

Spinal ischemia in the treatment of aorta thoracic disease

Dr. F. Gonzalez-Llanos. Toledo, Spain

13:59-14:05

Spinal cord ischemia and the current role of CSF drainage

Dr. Prof. L. Mendes

14:06-14:30

DISCUSSION

14:30-15:30

LUNCH

15:30-17:00 (7) NEWS IN THE TREATMENT OF THE THORACO ABDOMINAL DISEASES

CHAIRMEN: Dr.G. Melissano
DISCUSSANTS: Dr. N Mosquera
Dr. JM. Panneton
Dr. Ali Azizzadeh
Dr. P. Lozano

15:30-15:36 Update on thoraco-abdominal pathology treatment guidelines

Dra. M. Vega

15:37-15:43 BEVAR for Thoraco-abdominal aneurysm. Current Outcomes

Dra. C. Fernández Prendes

15:44-15:50 iBEVAR for Thoraco-abdominal aneurysm. Current outcomes

Dr. Abissi

15:51-15:57 Decision making in TAAA: My algorithm

Dr. Gargiulo

15:58-16:04 Off the Shelf devices: How do I choose between them?

Dr. S. Deglise

16:05-16:11 How do I choose my bridge stent for the Visceral branches?

Dr. G. Torsello

16:12-16:18 Reducing the reinterventions: Role of the CBCT.

Dr.

16:19-16:25 Current Role of the IVUS in the Thoraco-Abdominal treatments.

Dr. Antonelo

16:26-16:32 Current Role of the Open Surgery in the Thoraco-Abdominal Aneurysms.

Dr. J. Villaverde

16:33-17:00 DISCUSSION

17:00-17:30 **COFFE-BREAK**

17:30-18:15 (8) THORACO ABDOMINAL RECORDED AORTIC CASES

CHAIRMEN: Dr. Canaud

DISCUSSANTS:
Dr. N Mosquera
Dr. JM. Panneton
Dr. Ali Azizzadeh
Dr. M. Alonso

CLINICAL CASE 1. Dra. E. Iborra

CLINICAL CASE 2. Dr. F. Gallardo

SATURDAY 2 MARCH

8:45-09:50 (9)COMPLEX AORTIC NECKS: TRYING TO STAY INSIDE THE IFUs

CHAIRMEN:

Dr. P. Gomez

DISCUSSANTS:

Dra. M. Ballesteros

Dr. JM. Panneton

Dr. S. Bellmont

Dr. Antonello

08:45-08:51 My approach for the short Necks: FEVAR

Dr. G. Palonés

08:52-08:58 My approach for the short necks: CHEVAR

Dr. R. Milner

08:59-09:05 Complex necks and the ESAR approach

Dr. G. Pratessi

09:06-09:12 EVAR standard for aortic necks with thrombus. Is it is safe?

Dr. O. Andrés

09:13-09:19 My approach for the angulated necks.

Dr. J. Vidal

09:20-09:26 Open Surgery: My approach for all the previous issues

Dr. F. Franco

09:27-09:33 Benefits of the cadaver laboratory courses on surgical exposures to improve our results

Dr. L. Garriboli

09:34-09:59 DISCUSSION

10:00-10:55 (10) COMPLICATIONS AND URGENCY IN EVAR

CHAIRMEN:

Dr. Gargiulo, Bologna, Italy

DISCUSSANTS:

Dr. F. Alvarez, Oviedo, Spain

Dra. E. Iborra

Dr. A. Orgaz

Dr. JV Lombardi

10:00-10:06 Strategy with PMEG in urgency cases

Dr. F. Alvarez

10:06-10:12 Antegrade in situ laser fenestration for emergent paravisceral aortic Repair

Dr. JM. Panneton

10:13-10:19 Is the Endo Approach the first option in the rupture aneurysms?

Dr. S. Bellmunt

10:20-10:26 Tips and tricks for removing infected aortic endovascular grafts.

Dr. L. Chiche

10:27-10:33 Why do I use CO2 in my daily cases?

Dr. E. Gallito

10:33-10:55 DISCUSSION

10:56-11:30 *COFFE-BREAK*

11:30- 12:45 (11) DEALING WITH THE ILIAC ARTERIES

CHAIRMEN: Dr. N Mosquera
DISCUSSANTS : Dr. M. Piñero
Dr. Riambau
Dr. R. Milner
Dr. Ali Azizzadeh

11:30-11:36 Endoconduit Vs IVL for improving the access .

Dr. Antonello

11:37- 11:43 The anatomical approach for the narrow iliac bifurcation

Dra. M. Herrero

11:44-11:50 Low profile Grafts for the narrow iliac bifurcation

Dr. J. Fernández Noya

11:51-11:57 My approach for maintain the patency of the Hipogastric arteries.

Dr. E. San Norberto

11:58-12:04 Best practices for the treatment of concomitant iliac aneurysms.

Dr. J. Vidal

12:05-12:11 Iliac occlusive disease and EVAR: Our approach

Dr. A. Zanabili

12:12-12:35 DISCUSSION

12:36-13:00 (12) CHALLENGING CASES

CHAIRMEN: Dr. JM. Panneton
DISCUSSANTS: Dr. J. Fernandez Noya
Dr. A. Flores
Dr. C. Donayre

CLINICAL CASE 1.

CLINICAL CASE 2.
